INSTALLATION STEPS

1. Make sure the fixture is disconnected from the J-Box. Open it.
2. Connect the wires as shown in step #2. Use wire nuts to insure you have a proper connection. Close the J-Box when completed.
3. Insert the J-Box into the cut hole", leaving the connection cable outside. Connect the fixture to the J-Box by inserting the cable and securing it with a cap as shown in step #3.
4. Push the spring loaded clips upwards and insert the fixture base into the mounting hole. Release the clips and the fixture will be "pulled" into place against the ceiling.
5. Once assembly is complete, turn the power on to ensure the fixture is operating properly
